NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. <u>Organization</u> The Company was organized in March 1972 as a Corporation under the Laws of Minnesota.
- B. Nature of Operations The Company is a securities broker/dealer and registered investment adviser. The Company's main sources of revenue are commissions from sales of investment company shares (mutual funds) and fees charged for investment advisory services. The Company is registered with the United States Securities and Exchange Commission as a securities broker/dealer and as an investment adviser. The Company is registered as an investment adviser in the states of Minnesota, Wisconsin, Arizona, Illinois, Texas, California, and Florida and is licensed as a broker/dealer in the states of Minnesota, Iowa, Wisconsin, California, Florida, Illinois, Colorado, Arizona, and North Carolina. The Company is a member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investor Protection Corporation (SIPC).
- C. <u>Use of Estimates</u> The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.
- D. <u>Cash Equivalents</u> The Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents.
- E. Accounts Receivable and Allowance for Doubtful Accounts Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts has not been established as of December 31, 2018. Based upon management's analysis of outstanding accounts receivable as of December 31, 2018 and the Company's past collection experience, an allowance is not considered necessary by management.
- F. <u>Property and Equipment</u> Property and equipment is carried at cost. Depreciation of property and equipment is computed using the straight-line method based on useful lives of three to ten years.

Depreciation expense was \$2,539 for the year ended December 31, 2018.

Maintenance and repairs of property and equipment are charged to operations, and major improvements are capitalized. Upon retirement, sale or other disposition of property and equipment, the cost and accumulated depreciation are eliminated from the accounts, and any resulting gain or loss is included in operations.

The Company reviews its property and equipment for impairment whenever events indicate that the carrying amount of the asset may not be recoverable. An impairment loss is recorded when the sum of the future cash flows is less than the carrying amount of the asset. The amount of the loss is determined by comparing the fair market value of the asset to the carrying amount of the asset.

- G. <u>Client List</u> The Company purchased a client list and is amortizing the cost over 10 years. Amortization expense for the year ended December 31, 2018 was \$ 12,000.
- H. Recognition of Revenue Commission income from sales of securities is recorded on the trade date.
- I. Income Taxes Deferred tax assets and liabilities are recognized for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets, including tax loss and credit carryforwards, and liabilities are measured using enacted tax rates expected to apply to taxable income in the years which those temporary differences are expected to be recovered or settled. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in operations in the period that includes the enactment date. Deferred income tax expense represents the change during the period in the deferred tax assets and deferred tax liabilities. The components of the deferred tax assets and liabilities, which

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

consist of book depreciation versus tax depreciation differences, unrealized gains on marketable securities, and differences associated with deferred rent are individually classified as current and noncurrent based on their characteristics. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. The management is of the view that there are no significant tax positions that may be challenged.

The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods. The Company believes it is no longer subject to income tax examinations for the years prior to 2015.

J. <u>Concentrations of Risk</u> – The Company maintains its cash in accounts with federally insured banks. At times, the balances in these accounts may be in excess of the federally insured limit of \$250,000. The Company believes that there is no significant risk with respect to these deposits.

The Company is engaged in various brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The Company feels the risk at this time is minimal and they review the credit standing of their counterparties on a regular basis.

- K. <u>Date of Management's Review</u> Management has evaluated subsequent events through February 6, 2019, the date which the financial statements were available to be issued.
- L. <u>Advertising</u> The Company expenses advertising costs as they are incurred. Advertising and promotion expense for the year ended December 31, 2018 was \$ 6,143.
- M. <u>Fair Value of Financial Instruments</u> The Company's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adhere to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:
 - Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
 - Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the
 asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
 - Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair trade hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

NOTE 2 - MARKETABLE SECURITIES

The Company has available-for-sale marketable securities. They are recorded at fair value in the balance sheet. Fair value is calculated using the quoted price at December 31, 2018. Unrealized gain of \$ 1,422 for the year ended December 31, 2018 is recorded on the statement of operations.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2018

NOTE 3 - COMMITMENTS

The Company has a lease agreement for office space which commenced on April 1, 2016 and expires August 31, 2021. The premises contain 2,749 rentable square feet in the aggregate. The minimum rental payable for the premises during the initial term is as follows:

Period of Term	Annual Rate per RSF	Monthly Minimum Rental
4/1/16-8/31/16	\$0.00	None
9/1/16-3/31/17	\$12.00	\$2,749.00
4/1/17-3/31/18	\$12.35	\$2.829.18
4/1/18-3/31/19	\$12.70	\$2,909.36
4/1/19-3/31/20	\$ 13.05	\$2,989.54
4/1/20-3/31/21	\$13.40	\$3,069.72
4/1/21-8/31/21	\$13.75	\$3,149.90

During each full or partial calendar year during the term of the lease agreement, tenant shall pay to the landlord, as additional rental, an amount equal to the real estate taxes and operating expenses per rentable square feet in the building multiplied by the number of rentable square feet in the premises prorated for the period that the tenant leases the premises. The first five months of the lease agreement these real estate taxes and operating expenses have been abated.

NOTE 4 - INCOME TAXES

The Company's net deferred tax liability at December 31, 2018 consisted of:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
December 31, 2018	\$0.00	\$0.00	\$0.00

The components for the provision for income taxes for the year ended December 31, 2018 are as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
Deferred Tax Income Tax Expense	\$0.00 \$0.00	\$0.00 \$0.00	\$0.00 \$0.00
Income Tax Expense	\$0.00	\$0.00	\$0.00

The amount of federal income tax expense attributable to continuing operations differs from the amount of expense that would result from applying domestic federal statutory rates to pretax income from continuing operations primarily due to permanent differences of nondeductible expenses and the effect of state minimum fees.

NOTE 5 - EMPLOYEE BENEFIT PLAN

The Company has a Simple IRA Plan for all employees who meet the requirements listed in the Plan. An eligible employee may contribute up to \$12,500 per year, excluding catch—up contributions. The Company matches 100% of the employee contribution up to 3% of the employee salary per year. Company contributions for the year ended December 31, 2018 were \$8,584.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2018

NOTE 6 - NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (Sec Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1).

At December 31, 2018, the Company had net capital of \$125,684, which was \$120,684 in excess of its required net capital of \$5,000. The Company's net capital ratio was .10 to 1.

We have reviewed management's statements included in the Accompanying Management Statement Regarding Compliance with Certain Provisions of SEC Rule 17a-5, in which (1) Planners Financial Services, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Planners Financial Services, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: (2)(ii) (the "exemption provisions") and (2) Planners Financial Services, Inc. stated that Planners Financial Services, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
